

# SPPI-14 OVERVIEW

- ❑ Of the seventeen State Performance Plan Indicators, this data collection will focus on Indicator 14 of the State Performance Plan. Indicator 14 requires that a Post-School Outcome Survey be distributed to persons who received special education services prior to exiting high school.
- ❑ The SPPI-14 data submission collects student and parent/guardian contact information for students who were served through the Special Education Program in the prior school year and who did not return to the LEA in the current school year.
  - Formerly the LEAs submitted a sampling of students who met this criteria to TEA.
  - A third-party vendor then sent a survey to a random sampling of the students submitted by the LEA.
- ❑ SPPI-14 was formerly submitted annually through the Legacy SPPI-14 application where data was entered manually.

- ❑ Beginning in 2019-2020, SPPI-14 will be collected through the Texas Student Data System.
- ❑ A third-party vendor will have a larger pool of students to sample and then will send the survey to their random sampling of eligible students.
- ❑ The survey results are submitted to the Office of Special Education Programs at the U.S. Department of Education with annual progress reports related to the State Performance Plan.

- SPPI-14 data will be collected for students who were identified as having received special education services in the prior year's PEIMS Summer Submission and who are reported as leavers in the current year's PEIMS Fall Submission.
  - Leaver Codes that will be collected for SPPI-14 include:
    - ✓ **01** Graduated,
    - ✓ **24** Withdrew to enroll in college to pursue associate's or bachelor's degree,
    - ✓ **88** Court ordered to a GED program, has not earned GED,
    - ✓ **90** Graduated from another state under provisions of the Interstate Compact on Educational Opportunity for Military Children, or
    - ✓ **98** Other.

Beginning in 2019-2020, the District Name and Campus Name will be retrieved from AskTED instead of the ODS. When a TSDS Collection is promoted to the Data Mart, the District ID will pull the District Name from AskTED and the Campus ID will pull the Campus Name from AskTED. It is vital that the LEAs keep the information in AskTED updated and accurate.

# DATA ELEMENTS COLLECTED FOR SPPI-14

- ❑ The Texas Student Data System will pull data that was submitted on the prior year's accepted **PEIMS Summer Submission**.
- ❑ LEAs will submit leaver information on their **PEIMS Fall Submission**.
- ❑ LEAs will submit student/parent contact information for SPPI-14 through the **TSDS Collection**.
