## REQUEST FOR PROPOSAL

### JOB ORDER CONTRACTING – RSMeans

### TEXBUY RFP #023-086

### Addendum 3

05/26/2023

In order for all trades to be fairly represented, TexBuy will allow any individual RSMeans book to be utilized that better fits the needs of the TexBuy Member. The previously stated books will likely be the primary reference books for most trades. However, when certain jobs arise (i.e., concrete & masonry, electrical, lighting, etc.); this allows for a more complete line item offering. The same coefficient that is bid and awarded must be used across all of the RSMeans books offered.

All categories should use the same pricing column as stated in the RFP.
