Field Services

Troy Seagler, Senior Director of Field Services & ESC Client Relations

ASCENDER (Business & Student) Software Services AS006

The ASCENDER Enterprise software offers web-based Business and Student Information System applications that are written specifically for Texas schools. ASCENDER features a professionally written designed user interface.

IMS consultants will provide technical support, problem resolution and training on all applications within the ASCENDER enterprise system.

Current 25-26	Contract Details	Contact	Comparison
Total – 58 Option I – 57 Option II – 58 Option III – 58	ASCENDER Student Software Service Based on enrollment 1 campus – \$4,750 plus \$19.50/student 2 campuses – \$9,500 plus \$16.25/student 3 campuses – \$14,250 plus \$10.75/student 4 or more campuses – \$17,850 plus \$7.50/student ASCENDER Business Software Services Based on enrollment \$10,800 plus \$3.25/student	Evelyn Jenkins 806.677.5110 evelyn.jenkins@esc16.net	Market Competitors cost \$25,000-\$40,000 more than ASCENDER. Training: A minimum of 40 hours on the average per district. The Market would charge an additional \$60 per hour (\$2,400 each district). We provide a cheaper pricing rate for the software and services because we are partnered with over 900 districts and 19 regions across the state.

Automated Data Exports AS022

This contract provides automated data exports with ASCENDER and 3rd party publishers (supplementary district software programs). The automation of the exports includes the setup of data being exported from ASCENDER and the scheduled tasks to create the exported data, encrypt, and securely send the data to the 3rd party publisher.

Base Plan

The Automated Data Exports Base Plan includes the first five (5) extracts.

Business Support Services AS004

The challenges within your business office can be frightening and at times seem overwhelming, but the Business Support Services contract will give you the support you need to face these challenges head-on. Region 16 will provide three options with this contract to include: (1) finance/state aid support; (2) additional business services in preparation for districts' audits; (3) and/or full business office services with accounting and budgeting segments. This contract allows districts full control of their finances with the added support and day to day business operations performed by experts.

Current 25-26	Contract Details	Contact	Comparison
<p>Total - 45 Option 1 - 15 Option 2 - 3 Option 3 - 27 Option 4 - 0</p>	<p>Option 1 Finance/State Aid Support - \$2,500 Additional Days - \$700 each</p> <p>Option 2 Additional Business Services - \$2,500 Additional Days - \$700 each</p> <p>Option 3 Districts with 150 ADA or less: Section I – Accounting, Budget and Finance \$20,000 Section II – Payroll \$20,000 Section I & II \$27,000</p> <p>Districts with 151 to 300 ADA: Section I – Accounting, Budget and Finance \$26,000 Section II – Payroll \$26,000 Section I & II \$32,000</p> <p>Districts with 301 to 650 ADA: Section I – Accounting, Budget and Finance \$30,000 Section II – Payroll \$30,000 Section I & II \$35,000</p> <p>Districts over 650 ADA the fee will be negotiated</p> <p>Option 4 The school Finance climate can be highly confusing, and it is nearly impossible for one person to keep up with the vast array of compliance requirements. With the Option 4, Business Office Support contract, your district receives unlimited technical assistance support for any questions your business office may have as it navigates the complicated waters of School Finance. This contract is designed to increase the capacity of your business office by allowing it to access a team of experienced professionals who can answer any questions your business office may come across as it tries to meet any local, state, and federal fiscal compliance and reporting requirements. Additionally, you receive all services included in the Option 1 contract to maximize the services your district receives.</p> <p>Cost ADA 3,500 or less – \$7,500 ADA 3,501+ – \$10,000</p>	<p>Troy Seagler 806.677.5087 troy.seagler@esc16.net</p>	<p>Market Value Services Range from \$150-\$300 an hour or \$1,200-\$2,000 daily rate</p> <p>Rates for full Business Services range from \$50,000-\$75,000 per FTE</p>

Customized Leadership Development and Coaching AS103 **NEW**

Escalate Leadership Development and Coaching

Great leadership is the architect of a positive school culture. Partner with Region 16 ESC's Escalate Leadership Development and Coaching Enterprise to design a tailored development strategy that sharpens your district's vision and amplifies its influence. This customized contract allows you to build a comprehensive leadership plan that includes targeted leadership training, executive TEAM coaching, and a toolkit of actionable strategies. Whether focused on shifting from "command and control" to "connect and coach" or constructing a legacy of excellence, we co-create a roadmap to meet your team's unique needs.

Level I Escalate Coach Training Program AS102 NEW

Escalate Leadership Development and Coaching

Step into the calling of transformational leadership. Coaching is more than a skill—it is a way of seeing people, drawing out potential, and leading with purpose. This comprehensive training through Region 16 ESC’s Escalate Leadership Development and Coaching Enterprise equips superintendents, district, and campus leaders with 60 coach education hours and 10 hours of mentor coaching, laying the foundation for International Coaching Federation (ICF) credentialing should participants choose to pursue it following the program’s final accreditation. Grounded in servant leadership, integrity, and deep listening, this program empowers you to evolve from manager to Coach Leader, driving systemic growth and intentional impact across your district. This program is open to all current or aspiring district and campus leaders, including superintendents.

Current 25-26	Contract Details	Contact	Comparison
NEW	\$6,750 per participant for the full 70-hr program, including mentoring	Christine Scroggs 806.677.5275 christine.scroggs@esc16.net	\$8,200

Management Leadership Training AS002

To make sure your administration and central office staff stay on top of the latest mandates, accountability requirements, and legal issues, let Region 16 provide technical assistance and professional development in the form of legal updates, various networks, mandated trainings and optional professional growth opportunities. In addition, this contract allows districts to take advantage of the legal services discount.

Districts will also have access to the Summertime Data Roadshow, where Region 16 specialists will provide customized data reviews to help districts analyze student performance, identify trends, and make informed decisions for the upcoming school year.

Staff development and technical assistance are targeted for the following central office and campus administrators:

- Superintendents
- Assistant Superintendents
- Business Managers
- Principals
- Personnel Directors
- Assistant Principals
- District Testing Coordinators
- Athletic Directors

Additional opportunities provided as part of the contract at a reduced cost:

- Campus Data Walks, including a follow-up debrief with administrators (TBD based on campus size)
- HR updates and training by TASPAs and TASBOs at a reduced cost.

OCR – Civil Rights Data Collection Services AS010

The Civil Rights Data Collection (CRDC) is a survey of public schools required by the United States Department of Education Office for Civil Rights (OCR). The CRDC collects data on leading civil rights indicators related to access and barriers to educational opportunity in early childhood through grade 12. Data is collected from every public local educational agency (LEA) and campus.

Each contracting school district will work with an IMS Consultant, which will coordinate efforts with district and campus staff to gather, review, and report all required information in the OCR CRDC submission system in accordance with OCR requirements and timelines.

Current 25-26	Contract Details	Contact	Comparison
30	\$3,200 plus \$500 per each additional campus for one year The contract will need to be taken out every year.	Evelyn Jenkins 806.677.5110 evelyn.jenkins@esc16.net	Market Value for this project is \$10,000 - \$12,000

School Finance Training & Development AS005

Region 16 ESC will provide support and coaching to identified staff in the areas of school finance and school business operations.

*Coaching and Support activities include:

- Budget preparation – finance and payroll
- Accounting – monthly procedures plus audit preparation
- Compliance – TEA spending requirements and Special Education MOE
- Financial projections – fund balance and cash flow
- Software support
- Foundation School Program submissions
- Federal Programs Management – includes drawdown requests
- Other School Finance issues as needed

*Coaching and Support will include technical assistance, customized training during scheduled days, “how-to” sessions on various activities as stated above, frequent quality-checks, assistance in building calendar/schedule of activities, observation and feedback on areas of strengths, areas to improve, and certain work jobs that may need to be corrected or repeated. Support and coaching do not include the actual work jobs themselves.

Strategic Planning AS100

Unlock the potential of your district with our comprehensive strategic planning services. We prioritize stakeholder input throughout the process, ensuring that the voices of educators, parents, students, and community members are heard. By collecting and analyzing the current state of your district, we collaboratively identify systemic priorities crucial for enhancing student outcomes. With our guidance, align district initiatives directly with these priorities, ensuring every effort supports student success. Additionally, we offer the opportunity to review and/or create your district's profile of a graduate, envisioning the ideal student experience. Craft a custom-tailored 3-5 year strategic plan designed to maximize impact, entirely customizable to fit your unique needs. Contact Amy Meek today and discover how we can empower your district to achieve its goals through strategic planning.

TSDS Coordinator Services AS008

The TSDS Coordinator Services will ensure your district accurately reports TEA requested data. Region 16 will provide a TSDS Coordinator for the most comprehensive review and submission of your district's TSDS mandated data requirements.

ESC 16 will perform the TSDS Coordinator services as indicated below. This contract does not replace or reduce the district's legal liability and responsibility for submitting data as outlined in the current year TSDS Data Standards, the TSDS Core Collections district requirements.

IMS Consultant will periodically meet with district staff and administrators throughout the school year to review procedures, data, and reports.

The superintendent should approve the data for each submission and/or resubmission by submitting the electronic Statement of Approval (SOA) before it is accepted by the ESC for submission to TEA. The district TSDS approver or designated completer will be responsible for completing/approving all Core Collection data.

TSDS Coordinator Services provides:

- Extract, submit and verify all required data for each TSDS PEIMS and Core submission.
- Complete data submission on or before the due dates set by TEA
- Coordinate and review reports for each data submission for reasonability
- TSDS Unique ID processing
- Submit TSDS Unique ID Enrollment Tracking files as needed
- Review Unique ID discrepancies and dual enrollment reports

The delivery of the services described in this agreement are contingent to the contact personnel assigned at each district. This requires acknowledgment, availability, and agreement to sign off on all documentation presented to the district contact person by the IMS TSDS consultant.

Strategic Efficiency Review AS105 NEW

District leaders are increasingly asked to maximize student outcomes while operating within limited financial and human resources. The Strategic Efficiency Review provides districts with a structured review of key operational systems to identify opportunities for greater efficiency, stronger resource alignment, and enhanced student outcomes.

Through this process, Region 16 partners with district leadership to analyze data, review operational systems, and identify opportunities to improve effectiveness across high-leverage district functions.

This contract will provide audit services, data analysis, and strategic recommendations to districts as described in the agreement. Services may include, but are not limited to, the following:

- Initial district consultation to determine priority focus areas and establish the scope of the audit
- Review and analysis of district data related to operational systems and student outcomes
- Identification of opportunities to improve operational efficiency, maximize funding streams, and align staffing and resources to district priorities
- Development of district-specific recommendations to support leadership decision-making
- Presentation of findings and recommendations to district leadership

Audit focus areas may include one or more of the following:

- **Staffing and Master Scheduling**
Review of staffing allocations, staffing ratios, and master scheduling structures to identify opportunities for improved efficiency and alignment with district priorities.
- **Attendance Systems**
Analysis of district attendance data and systems to identify opportunities to improve reporting accuracy and maximize attendance funding.
- **PEIMS Data Review**
Review of PEIMS coding practices and processes to ensure accuracy, compliance, and alignment with reporting requirements.
- **College, Career, and Military Readiness (CCMR)**
Analysis of CCMR indicators and systems to identify opportunities to increase student outcomes and maximize potential CCMR outcomes bonuses.
- **Instructional Technology Systems**
Review of district instructional technology usage and systems to ensure alignment with district goals and efficient use of technology resources.
- **Federal Programs Review**
Review of federal program implementation and funding utilization to ensure compliance and maximize available funding.

Teacher Incentive Allotment **HR005**

Having an established compensation strategy contributes to your ability to predict costs for hiring new employees and providing salary increases. The Texas Teacher Incentive Allotment (TIA) was created by the Texas Legislature as part of House Bill 3 to provide a realistic pathway for top teachers to earn six-figure salaries and to help attract and retain highly effective teachers at traditionally hard-to-staff schools. Through strategic compensation planning, districts are able to develop a compensation strategy that supports a school district pay strategy, recruitment and retention objectives, and employee needs. As the workforce climate changes, it is even more important for school districts to be innovative and proactive in their recruitment and retention strategies through TIA and strategic compensation planning.

Districts may receive TIA support through:

- Monthly Cohort Meetings (Hybrid)
- Application Support and Review
- Data Collection Support
- Technical Assistance

Compensation support is customizable based on individual district needs.

Current 25-26	Contract Details	Contact	Comparison

Career and Technical Ed SSA ES001-SSA

Joining a Shared Services Agreement (SSA) with the Region 16 Education Service Center (ESC) for the Carl D. Perkins Act is a strategic move, particularly for small to mid-sized districts. Under the **Perkins V Act**, districts that qualify for less than **\$15,000** in federal funds are legally required to join an SSA to access that money. However, the SSA is open to any district who would like to join.

By joining the Region 16 SSA, the district "pools" its allocation with others, ensuring that the funds are maximized to the fullest extent possible and utilized to support Career and Technical Education programs and initiatives.

- **CLNA Support:** Region 16 provides the technical expertise to complete the mandatory **Comprehensive Local Needs Assessment (CLNA)**, which is required every two years to maintain funding.
- **Alignment with Labor Markets:** The ESC provides localized data to ensure the district's CTE pathways align with high-skill, high-wage, and in-demand occupations in the Texas Panhandle.
- **Fiscal Agency:** Region 16 serves as the fiscal agent, handling the complex grant application, budget amendments, and financial reporting.

Effective District Framework Diagnostic ES059 **NEW**

Developed by the Texas Education Agency, the Effective District Framework (EDF) outlines the essential practices that high-performing district systems execute to ensure campus success. It serves as the blueprint for district-level continuous improvement, ensuring that the resources, policies, and supports provided by the district align perfectly with the needs of every student and educator.

The EDF Diagnostic provides leadership with an objective analysis of current district systems, identifying strengths and gaps in organizational support. While it can be a vital component of formal improvement plans, it is an invaluable tool for any district committed to scaling excellence and ensuring consistency across all campuses.

Our Partnership & Support

The Region 16 Education Service Center will partner with your leadership team to facilitate the following components of the Effective District Framework Diagnostic:

- **EDF Executive Briefing:** We provide a comprehensive overview for the Superintendent and district leadership to build a shared vision of the EDF and clarify the goals of the diagnostic process.
- **Systemic Pre-Visit Analysis:** We conduct a preliminary review of district systems, artifacts, and data sets aligned to the EDF Essential Actions to establish a baseline for the diagnostic.
- **District Diagnostic Visit:** Our team conducts onsite interviews and focus groups with district-level stakeholders to observe the effectiveness of district systems and support structures in action.
- **Strategic Post-Visit Synthesis:** We facilitate a face-to-face debrief with the Superintendent and key designees to analyze findings, prioritize high-leverage district systems, and draft a roadmap for organizational refinement.

Guardian Certification Services AS025

This contract provides the following services to participating districts:

- **Tactical Training:** Instruction in firearm proficiency, qualification, tactical movement, and active threat response.
- **Program Building:** Provide technical support either via zoom, or on-site assistance to build the program.
- **On-Site Range Support:** Two (2) guaranteed range days where the instructor travels to the district's designated range.
- **Annual Qualifications:** Support for one to two (1-2) annual qualification sessions.
- **Compliance & Record Keeping:** Region 16 ESC will maintain official records of training hours, qualification scores, and certification dates for district audit-readiness.

SERVICES FOR CONTRACTING DISTRICTS

Role and Responsibilities of the School District:

- **Mental Health Clearance:** Ensure all trainees complete a mental health evaluation **prior** to enrollment.
- **Facility & Equipment:** Provide a suitable **firing range** for training. Supply all **targets and ammunition**.
- **Equipment Standards:** Participants must use a reliable semi-automatic handgun and a sturdy holster that covers the trigger guard. Instructors reserve the right to inspect and reject unsafe equipment.
- **Training Requirements:** New Guardians must complete **two (2) full days** of training (Day 1: Classroom; Day 2: Range).
 - Current Guardians are only required to complete annual qualifications.
- **Instructor-to-Trainee Ratio:** To maintain safety, 1–5 Guardians require one (1) instructor; 6–10 Guardians require two (2) instructors.

Role and Responsibility of Region 16 ESC:

- **Instructor Staffing & Stipends:** Region 16 ESC is responsible for providing certified instructors and **paying all law enforcement stipends** associated with the training.
- **Documentation:** Maintain archives of all qualification scores for district recording purposes.
- **SIMS Disclaimer:** No simulation (SIMS) training is provided. ESC can provide a list of approved third-party vendors if requested.

TRAINING TERMS & CONDITIONS

- **Instructor Authority:** Region 16 ESC instructors reserve the right to immediately dismiss any participant who demonstrates unsafe firearm handling. No refunds will be issued for safety-related dismissals.
- **Inclement Weather:** In the event of extreme weather, Region 16 ESC and the District will coordinate a make-up date.
- **Eligibility Verification:** The District is responsible for ensuring participants meet all legal requirements to serve as a "Guardian."
- **Cancellation:** Districts must provide 48-hour notice for rescheduling to avoid a travel/prep fee.

Note: Region 16 ESC **will not provide ammunition or firearms** for training purposes. The school district or participants must supply the necessary equipment **in compliance with state laws**.

High-Quality Instructional Material Support (HQIM)

Admin Support **ES065 NEW**

The Leader Support Package provides districts with targeted, high-impact leadership coaching and systems support designed to strengthen instructional implementation, build sustainable structures, and ensure long-term success with HQIM. This package includes a needs assessment, curriculum implementation support, and ongoing leadership development delivered throughout the school year. Below is a detailed breakdown of the included services:

Support Service:

Admin Needs Assessment - A collaborative review with district and campus leaders to identify system strengths, gaps, and priority areas related to curriculum implementation, instructional leadership, and campus-wide coherence. Findings inform a customized support plan aligned to district goals. This support could include:

- Curriculum Implementation & System Development - Development and monitoring of curriculum implementation plans, use of the Change Management Matrix to guide decision-making, communication, and rollout, alignment of instructional expectations across campuses and structures that promote sustainability and long-term capacity building
- Monthly Walkthrough support for implementation of HQIM
- Observation & Feedback Support
- PLC Support for Leaders
- Sustainability Planning

This contract includes **10 days of support** delivered throughout the school year. Days may be scheduled flexibly based on district needs, timelines, and instructional priorities.

Implementing Artificial Intelligence (AI) ES109

Unlock the potential of your district with our comprehensive AI integration and implementation services. We prioritize stakeholder input throughout the process, ensuring that the voices of school boards, administrators, and staff are heard to foster informed participation in AI-driven initiatives.

By analyzing the current state of your district's technological readiness, we collaboratively identify systemic priorities crucial for ethical and strategic AI implementation. With our guidance, you can align district initiatives directly with these priorities, ensuring every tool and policy supports educational objectives and student success.

Customizable Service Options include:

- **AI Awareness Training:** Tailored sessions focusing on required AI Awareness Training (participants will receive a certificate that satisfies the DIR requirements for AI Awareness Training)
- **Leadership Strategy Workshops:** Sessions for administrators to enhance understanding of AI applications and leadership strategies.
- **Comprehensive Staff Development:** Staff development to ensure understanding of AI concepts, tools, and practical applications for all staff.
- **Policy and Governance Development:** Collaborative assistance in creating an Acceptable Use Policy (AUP) for AI, providing exemplary models and on-site support to ensure compliance.

Craft a custom-tailored AI support plan designed to maximize impact, entirely customizable to fit your district's unique needs. Contact Robert O'Connor today to discover how we can empower your district to achieve its goals through responsible AI integration.

Migrant SSA (Title I, Part C) ES002-SSA

As your district's administrative agent, Region 16 will provide for district compliance with all state and federal regulations applicable to the operation of a Title I, Part C, Migrant Program. The services provided meet the unique needs of migratory children, as precipitated by their highly mobile lifestyle. SSA funds will be used to:

- Provide supplemental support services to eligible migrant students
- Reimburse the member district for approved expenses
- Act as TX-New Generation System data specialist on behalf of the districts

Current 25-26	Contract Details	Contact	Comparison
50	Total LEA Allocation	Amy Meek 806-677-5195 amy.meek@esc16.net	Cost of a ½ Migrant FTE approximately \$15,000-\$25,000

Multilingual Learner Support ES016

The Region 16 Education Service Center will provide technical assistance and professional development for Emergent Bilingual Programs to districts as described in this agreement. Region 16 ESC program specialists, who have been trained in state policies and procedures concerning the Education of Emergent Bilinguals, will provide these services.

Professional development and technical assistance will include, but not be limited to, the following areas:

- LPAC Framework Training
 - Identification of Emergent Bilingual Students
 - Bilingual/ESL Programs and Certification Requirements
 - LPAC Committee
 - LPAC District and Student Documentation
 - PEIMS Coding Related to Emergent Bilinguals
- Test Administrator training for pre-LAS and LAS Links Assessments
- ELPS Training
- Bilingual Exceptions/ESL Waiver Application Training
- LPAC Decision-Making Training
 - TELPAS Online
 - Assessment Training
 - TELPAS Alternate Training
- Certification Exam Preparation Training
 - 154 ESL Supplemental
 - BTLPT
- LPAC End-of-Year Training
 - Reclassification of Emergent Bilingual Students
 - Required Summer School
 - Program Evaluation
- Test Administrator Training for IOWA Assessments

Training content is based on state requirements for Emergent Bilinguals found in:

- 19 TAC Chapter 89, Subchapter BB - Commissioner's Rules Concerning State Plan for Educating Emergent Bilinguals
- TEC Subchapter B 29.051 - 29.066 - Bilingual Education and Special Language Programs
- 19 TAC Chapter 74.4 - English Language Proficiency Standards
- 19 TAC Chapter 101, Subchapter AA - Commissioner's Rules Concerning the Participation of Emergent Bilinguals in state assessments

New Teacher Academy ES031

The provision of services under this contract is dependent on a sufficient number of participating school districts and sufficient state or federal funding. Contract participation provides teachers the opportunity to attend the New Teacher Academy at the Region 16 Service Center. The fee for New Teacher Academy is \$250 per participant.

This academy will include five, full-day sessions including the content below.

- Characteristics of an Effective Teacher
- 1st day of School- How to Get Prepared
- Classroom Management
- Professionalism and Legalities
- Student Behavior
- Working with Parents & Families
- Understanding Special Ed Accommodations vs Modifications
- How to work in a PLC
- Understanding your Standards
- Understanding how Students Learn
- Instructional Strategies
- Creating and Reflecting on Goals

17	\$250 per participant 5 session series	Rene Cano 806.677.5177 rene.cano@esc16.net	General consulting for this type of work would range \$1,500-\$3,000 per day

Opt-In Effective School Framework (ESF) Diagnostic ES035-B

Developed by the Texas Education Agency, the Effective School Framework (ESF) describes the best practices effective schools and districts engage in daily. It also provides the basis for school diagnostics and for aligning resources and support to the needs of each school.

The ESF Diagnostic may be required for specific campuses as part of state and federal accountability interventions. It is an optional, valuable process for campuses outside of improvement.

The Region 16 Education Service Center will partner with you to provide you the following components of the Effective School Framework Diagnostic through this contract:

- Provide an ESF Overview to key leaders of your district/campus to build an understanding of the ESF and the diagnostic process.
- Conduct a pre-visit outlining evidence and artifact collection and analysis aligned to the ESF foundational essential actions. (May be in person, phone, or via email.)
- Conduct on-campus visit(s) alongside the District Coordinator of School Improvement (or other district-level designee if campus is not in required improvement) and Principal to gather artifacts and evidence aligned to the ESF foundational essential actions.
- Conduct a face-to-face post-visit with the District Coordinator of School Improvement or other designee and Principal to analyze the evidence collected and determine highest leverage focus areas for improvement.

PreK and Early Childhood Special Education Classrooms ES056 **NEW**

Invest in your youngest learners by empowering the educators who lead them. Region 16 is offering a comprehensive, **no-cost** coaching and professional development cohort specifically designed for PreK and ECSE teachers.

What This Partnership Provides:

- **Monthly Coaching Cycles:** Consistent, high-touch support in the classroom
- **Differentiated PD:** A blend of in-person workshops and convenient Zoom sessions
- **Administrative Support:** Access to a curated **Admin Resource Folder** and "Look-for" templates to streamline your walkthroughs
- **Continuous Engagement:** Ongoing email follow-ups and support between visits

The End Goal: Excellence in Early Childhood

Our mission is to move the needle on student outcomes and teacher satisfaction by fostering:

- **Data-Driven Decision Making:** Using evidence to guide instruction
- **Balanced Classrooms:** A purposeful mix of teacher-led and student-led activities
- **Play-Based Learning:** Research-based centers that promote discovery
- **Social-Emotional Mastery:** Aligned to PreK Guidelines
- **Teacher Retention:** Building the confidence and ownership teachers need to stay and thrive in the profession

Commitment to Success

For the Teacher	For the Campus
Commit to an open mind and a growth mindset.	Prioritize attendance for PD (2 full days; 6-10 after-school Zooms).
Attend PD (2 full days; 6-10 after-school Zooms).	Provide coach access to CLI Engage data.
Participate in coaching and data dialogues.	Join two brief admin-focus sessions per year.
Align instruction to research-based strategies.	Engage in BOY, MOY, and EOY data reviews.
Optional, but highly recommended: Attend Pyramid Model Training (June 9-10).

Technology Services

Michael Keough, Chief Technology Officer

Cloud Services Audit **TS025**

With most school districts moving to Google or Office 365 for their mail and cloud services, Region 16 will be providing a Comprehensive Technology Report for these services. We analyze all aspects of the product you choose to ensure the district is meeting all the standards and security requirements. The contract starts with a discovery conversation with our point of contact followed by an analysis stage where we examine every setting in your system and end with a walkthrough of the final report. The report will include all findings and recommendations / best practices for the district.

Current 25-26	Contract Details	Contact	Comparison
0	Region 16 Technology will perform a Comprehensive Technology Report (CTR) on the district's cloud environment. This includes Google Admin Console and Office 365 Admin Console for \$2,700.	Michael Keough 806.677.5260 michael.keough@esc16.net	Districts usually pay between \$4,000-\$6,000 for this service from a well known vendor.

CTO as a Service **TS099**

With most school districts moving to Google or Office 365 for their mail and cloud services, Region 16 will be providing a Comprehensive Technology Report for these services. We analyze all aspects of the product you choose to ensure the district is meeting all the standards and security requirements. The contract starts with a discovery conversation with our point of contact followed by an analysis stage where we examine every setting in your system and end with a walkthrough of the final report. We negotiate for better pricing on your behalf.

VOIP Services TS010

Voice over Internet Protocol (VoIP) is the routing of voice conversations over the Internet or through any other IP-based network. VoIP offers more features and communication tools than traditional telecom and is easier to manage. School district offices and remote workers communicate easily and at practically no additional cost. VoIP delivers the flexibility and scalability of Internet communications. Customers no longer depend on hardware or locations for their telecom needs. VoIP moves, additions, deletions and changes are done via the web by ESC16 staff. System upgrades are done automatically, ensuring that your district has access to the latest VoIP technology.

- Delivers enterprise type features
- Reduces cost of ownership for districts
- Increases district communications, work efficiency, and productivity
- Calls made via SIP equals free long distance

DMAC

All DMAC PD that takes place at Region 16 is provided free of charge to districts who have secured the DMAC contract. (Customized DMAC PD on-site at districts is provided at the daily rate.)

- Technical assistance related to DMAC data disaggregation
- Technical assistance for user setup, data uploads, and troubleshooting
- DMAC User Meetings
- Regional data uploads
- Quick click sheets provided to districts

ECI

The Early Childhood Intervention (ECI) program is a statewide program within the Texas Health and Human Services Commission.

It is designed to support families with children from birth to 36 months who have developmental delays, disabilities, or certain medical diagnoses that may impact their development. ECI services help families learn how to support their children's growth and learning through therapeutic intervention. Starting at the age of two, ECI begins the transition process. Some children are transitioned into the district.

The Region 16 Early Childhood Intervention program is part of a network of early childhood intervention services across Texas. HHSC contracts with local agencies across Texas to deliver these services. The Individuals with Disabilities Education Act (IDEA) grants states the authority to operate early childhood intervention programs. ECI services are authorized under Part C of IDEA.

ESSA/Title I Part A

- Parent Involvement workshop
- Campus planning workshop
- Private, non-profit school workshop
- ESSA application and compliance professional development
- Comprehensive needs assessment professional development

General Services

- New superintendent orientation
- escWorks database for professional development, including teacher transcripts
