

**Parent Telephone Interview**  
**Sample Script**

Parent Name \_\_\_\_\_ Date \_\_\_\_\_

Grade(s) of child(ren): \_\_\_\_\_

Hi. My name is \_\_\_\_\_ and I am a member of the new Parent Partnership Team at [Name of School].

We are trying to get parents' impressions about the school. Would it be OK if I asked you some questions about the school?

Your answers will be kept confidential. We hope to use the information to help the school do an even better job of serving the children and their families.

*Listen for the response to these introductory statements.  
It may be necessary to expand upon the reasons for the survey before you continue.*

How do you feel about the teachers and principal?

Do you think your child is receiving a quality education?

Do you think that parents feel welcome coming to school?

Can you think of one thing that would make the school a better place for children and their families?

Would you like the school to offer more ways to learn about how parents can help their children at home?
