EVERY STUDENT SUCCEEDS ACT
ACCOUNTABILITY AND SCHOOL IMPROVEMENT

 Empowers State and local leaders to continue refining their own systems for **school improvement**
 Maintains the expectation for **accountability and action** in any school where groups of students are struggling:
  • the lowest-performing 5% of Title I schools,
  • high schools where a third of students fail to graduate
  • schools where subgroups are chronically low-performing
 Encourages **multiple measures**, such as school climate, in measuring a school’s success, but maintains a strong focus on academic growth and achievement
EVERY STUDENT SUCCEEDS ACT

TEACHERS AND SCHOOL LEADERS

- Ensures that low-income and minority students are not being taught at disproportionate rates by ineffective teachers
- Invests in States and districts that are looking to implement new human capital management systems for educators to include sustainable performance-based compensation (like ED’s TIF program)
- Supports innovative and evidence-based approaches to teacher and leader recruitment, preparation, and development
- Does not require State educator evaluation systems
EVERY STUDENT SUCCEEDS ACT

EQUITY AND STUDENT SUPPORT

- Maintains dedicated funding and protections for groups of vulnerable students by:
  - not including portability provisions that siphon funds away from the students and schools most in need
  - increasing the role of poverty in allocating Title II professional learning funds
  - supporting States to provide high-quality educational and support programs for migratory children
  - ensuring educational continuity for children and youth in state-operated institutions, including institutions for delinquent youth or adult correctional facilities
  - ensuring that homeless children have access to free and appropriate education
EVERY STUDENT SUCCEEDS ACT

EQUITY AND STUDENT SUPPORT

- Maintains dedicated funding for low-performing schools
- Increases transparency for critical equity data, such as:
  a. reporting on actual per pupil school-level spending
  b. reporting on equity measures including rates of student discipline, chronic absenteeism, per-pupil expenditures, and access to preschool and advanced coursework
- Authorizes flexible funding to all States to increase access to a well-rounded education, improve conditions for learning, and improve the use of technology in the classroom
- Maintains 21st Century Community Learning Centers, focused on students in high-poverty and low-performing schools
EVERY STUDENT SUCCEEDS ACT

COMPETITIVE GRANT PROGRAMS

- These include grants to provide **continued support** for:
  - high-performing charter schools for high-need students and magnet schools
  - comprehensive, place-based wraparound interventions, similar to the Promise Neighborhoods program
  - identification, replication and scaling of local innovation and evidence-based strategies to improve outcomes for high-need students, similar to the Investing In Innovation (i3) program

TRANSITION AND IMPLEMENTATION

- ESSA provides time and authority for ED to work with our State and local partners to ensure a smooth and orderly transition from NCLB and ESEA Flexibility.

- It is important that we get regulations, guidance and technical assistance out to support high-quality implementation of the law.

- ED has begun communicating with States and districts regarding the transition and will continue to provide guidance over the coming weeks and months.
EVERY STUDENT SUCCEEDS ACT

TRANSITION AND IMPLEMENTATION

- States and districts should continue to implement the activities and programs they have in place now through the end of the 2015-2016 school year.
- ED continues to meet with teachers, administrators, the civil rights community and others to inform the development of regulations and guidance.
- ED is receiving input from all stakeholders to help support high-quality transition to, and implementation of, the new law.
- For more information, access our Transition FAQs.
In early February, ED put out a notice of intent to engage in negotiated rulemaking in two key topic areas: assessments and “supplement not supplant.”

These sessions are open to the public and will be hosted at the Department on:

- March 21-23
- April 6-8
- April 18-19 (possible third session)

On Friday, March 4, ED published the list of negotiators and alternates and provided background materials including an agenda and issue papers, all of which will be available at [www.ed.gov/essa](http://www.ed.gov/essa).
